

HOW Toronto's Children Will Benefit

Studies show that children who are given early learning opportunities reach a higher level of academic success. By helping kids aged 2 1/2 to 5 be ready and eager to learn by the time they enter Grade One, Early Learning Centres will ensure a greater level of success in school.

Early Learning Centres offer:

- A comprehensive system of services that supports children and their families
- Access to community neighbourhood hubs that are in or linked to elementary schools
- Increased access to a variety of early identification and intervention services
- Support for parents to participate in their child's early learning and development as they pursue work, study, family and community responsibilities
- Improved learning opportunities for children
- Before and After Programs for children school-aged 6-12 years*

* Not available at St. Boniface Elementary School.

Setting the Stage for Success

Early Learning Centres coordinate an exceptional learning program designed specifically for kids aged 2 1/2 to 5. This new program will strengthen healthy development and enhance learning skills in Kindergarten-aged children.

Each program will take place at daycare centres conveniently located at the following four Toronto Public Schools:

Epiphany of Our Lord Catholic School Academy
3150 Pharmacy Avenue
Scarborough M1W 3J5
(416) 493-3008

St. Boniface Elementary School
20 Markanna Drive
Scarborough M1M 2J1
(416) 261-9092

St. Isaac Jogues Catholic School
1330 York Mills Road
North York M3A 1Z8
(416) 449-0101

St. Joachim's Elementary School
3395 St. Clair Avenue East
Scarborough M1L 1W3
(416) 261-1922

The Early Learning Centre Vision

As part of the program, each Early Learning Centre provides:

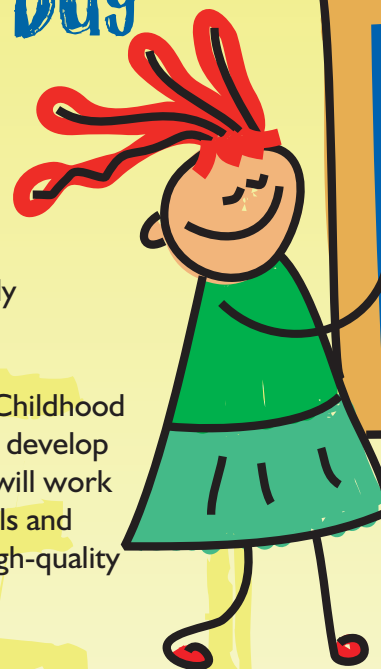

- Only the highest-quality education and care from only qualified Kindergarten Teachers, Early Childhood Educators, and Educational Assistants
- Integrated services that span the standard working day (7:00 a.m. to 6:00 p.m.)
- Inclusive programs and services for children with special needs
- Mechanisms for ongoing communication and collaboration among staff
- A variety of programs from community services and agencies
- Access to parenting components and family resource programs

A Seamless Day

Each Centre will aim for a “seamless day”: a less-disruptive routine for Kindergarten-aged children that integrates the Kindergarten program with child care services provided by the Early Learning Centres.

Kindergarten Teachers and Early Childhood Educators collaborate to plan and develop consistency within the day. They will work together to develop common goals and share best practices to provide high-quality early learning for the children.

The Early Learning Centre is a full fee, non-subsidized program.
